

***Information, advice and support
for all carers & people with disabilities***

Following a successful tender process commissioned by West Lothian Health and Social Care Partnership, Carers of West Lothian are now providing an information, advice and support service for people with learning and physical disabilities living in West Lothian.

This is in addition to our existing information, advice and support service for all unpaid carers across West Lothian.

For more information on the support available, please get in touch:

Tel: 01506 448000
Email: office@carers-westlothian.com

Do you have a physical or learning disability?

Carers of West Lothian can offer information, support and advice.

Some of the ways Carers West Lothian can help you are:

- Having someone to talk to.
- Benefits advice
- Information on community support services
- Signposting or referral to other services
- Access to Radar Key
- Information on your rights
- Opportunities to have your say on local services
